PRESIDENT ORDWAY: Good morning, Chiefs, Delegates, Alternates, Life Members, and guests. I call the 148th Convention of the New Jersey State Firemen's Association to order.

The exits are to my right and left, and in the rear, to your right and left. Should there be a need to use them, please take directions from the dais.

Please shut off all cell phones or pagers or place them on vibrate. Anyone who is hearing impaired can pick up a hearing device at the rear of the hall. Again, that back aisle needs to be cleared and everyone seated.

At this time, we will begin our Memorial Service.

Will the Bergen County Firefighters Pipe Band please lead the Wildwood Fire Department Honor Guard in for the posting of the Colors and for our Memorial Service.

(Colors are presented.)

CHAPLAIN DAN SCHAFER: You are the greatest people on the face of this earth. 24 years ago today I was at Ground Zero. Nine months there, five of my best friends and coworkers had passed on to their eternal reward.

I'm going to ask this morning how many of you served – would you raise your hand – at 9/11? You served at 9/11?

How many lost a loved one or a friend in 9/11?

I have a cross here that was cut out of the beam of the North Tower. Manny Rodriguez, Local 10. And every place I go I take this piece of metal from the North Tower, and I say, "touch it," make a point of never forgetting.

We thank you for your service. We appreciate the sacrifice that you've made.

Shall we pray.

Almighty God, thank You for another day to live, another day to thrive in this great country that we live in, the United States of America.

We thank You for our Fire Service, we thank You for the Administration, we thank You for all those who have made this possible, and we thank You and we praise You, in the name of the Father, Son, Abraham, Isaac and Jacob, and Yeshua.

And by the way, come by my table and handle this cross as your connection to 9/11.

God bless you.

PRESIDENT ORDWAY: Please join us in the Pledge of Allegiance, led by Vice President Hankins.

(“Pledge of Allegiance” led by Vice President Hankins.)

(“National Anthem” sung by Firefighter Glenn Roemmich.)

CHAIRMAN LYNCH: Memorial Committee Report, 2025 Convention.

(CHAIRMAN LYNCH reads as follows:)

MEMORIAL COMMITTEE REPORT
2025 CONVENTION

TO THE OFFICERS AND MEMBERS OF THE NEW JERSEY STATE FIREMEN’S ASSOCIATION
AT THE CONVENTION ASSEMBLED, WILDWOOD, NEW JERSEY, SEPTEMBER 12TH AND
13TH, 2025.

With the passing of time each year, it is with solemnity that the Memorial committee renders this report.

The Great Chief of us all, in his infinite wisdom has called 1,110 from our midst, and we pray that they
rest in peace.

As we remember them, let us call to mind those who have served this Association with honor.

THOMAS MILLER	LEGISLATIVE COMMITTEE; EXECUTIVE COMMITTEE – UNION COUNTY
ROBERT W. SANDERS	FIREMEN’S HOME BOARD OF MANAGERS- CUMBERLAND COUNTY
MICHAEL A. KENDZIERSKI	REGISTRATION COMMITTEE; FIREMEN’S HOME BOARD OF MANAGERS- MIDDLESEX COUNTY
CHARLES F. WRIGHT	CREDENTIAL COMMITTEE- WARREN COUNTY
GARY R. BURGIN	CONVENTION SINGER
JEFFREY H. BAER	LEGISLATIVE COMMITTEE- OCEAN COUNTY

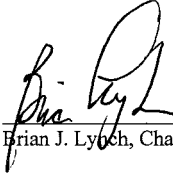

And also those who lost their lives in the LINE OF DUTY as they served their respective communities.

GARY MCCARDLE	JERSEY CITY- HUDSON COUNTY

They were all ideal firefighters, courageous, intelligent, and efficient.

The world is better for their having lived in it, and their memory is a valued possession to all who knew them.

To the Families and friends of all our departed members, we extend our deepest sympathy.

Brian J. Lynch, Chairman

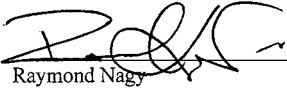

Chaplain Daniel R. Schafer

MEMORIAL SERVICE**Firemen's Prayer**

When I am called to duty, God
Wherever flames may rage
Give me strength to save a life
Whatever be its age.

Let me embrace a little child
Before it is too late
Or save an older person from
The horror of that fate.

Enable me to be alert
And hear the weakest shout,
And quickly and efficiently
To put the fire out.

I want to fill my calling
To give the best in me,
To guard my friend and neighbor and
protect their property.

And, if, according to your will
I have to lose my life,
Please bless, with your protecting hand,
The people in my life.

LINE OF DUTY DEATHS

Gary McCardle – Jersey City – Hudson County

PLEASE ALSO REMEMBER THE 1,110 BROTHER AND SISTER
FIREFIGHTERS IN OUR ASSOCIATION WHO PASSED AWAY FROM
JULY 1, 2024, THRU JUNE 30, 2025.

(Bell tolls.)

CHAIRMAN LYNCH: Thank you.

("Amazing Grace" played by bagpipers.)

PRESIDENT ORDWAY: You may be seated.

CHAPLAIN ANTHONY SARANCHAK: We gather today in God's presence to remember those who have answered their last call on earth. But their returning lives have just begun. The two parts, a body and soul, are separate but connected.

We gather near the ocean, a seemingly infinite body of water, a force that can be very calming or destructive. The waves rolling off the beach can be very relaxing and calming, but too strong, they can be destructive and stressful.

God created the cycles in this Universe, a cycle of life, of nature, of beginnings and ends of the physical part. The cycle of the struggles of good and bad, holy and evil.

The Bible tells us through Him all things are made. Without Him, nothing was made that has been made.

God provides and wants us to live a life that brings us to eternal rest and light to shine through our souls in everlasting peace.

The line between the good and bad, holy and evil seems thin at times and so random.

While on this earth, we won't ever fully understand God's grace, but in eternal life, we will see how every moment, every little thought, smallest action, fits together in our lives and how we are called by God.

God knows we can be impatient and want to feel in charge more. The Old Testament God says, "Do you know how God controls the clouds; makes his lightning flash? Do you know how the clouds hang poised? Those wonders of Him who has perfect knowledge."

Let us remember today all those who have gone to eternal rest before us in the last year.

Remember each life so important and changes the lives of everyone part of their lives.

Let us remember how important each day is, every moment and opportunity to remember their lives, remember their love and values, and become more faithful and driven to a life centered on being a better person each day and serving God in any way He calls us.

Let us have peace in our hearts and call on God to help us with the losses and grief of life; that this part of life is a temporary part. The eternal rest and light that awaits us, His glory and power we can't fully know on this earth. That God created us with a soul that was meant to be in heaven for all eternity.

Let us go forth with these words from a poem on the events of 9/11 by Kevin Powell. This is just excerpts from it. The full poem is worth reading and it's on the 9/11 Memorial Website.

"Might it be, as my mother said to me on this ugly sinful day,

That the world is on its last go-round?

Hijacked wild birds strip the sky of its innocent morning breath

Steel towers crumble like playing cards on an uneven metal table

Unrehearsed screams we dare not hear leap from windows

Into the open bottomless palms of God

And I want to say to the Firefighters

Thank you for speeding to the end of

Your time and thank you for showing us that

Courage is the soul so unselfish it would

Scale a collapsing building to liberate a stranger

Even as your blood relatives wonder if you are alive —

From the remains of this madness

I detect a heartbeat called life

I smell an aroma called love

I embrace a body called humanity

From the remains of this madness

I construct a dream called hope

I will ride the wings of the deceased

Into the clouds, scribble their names on the sun

Erect a memorial to the moon, chant the blues

And resurrect a world where a newborn rose will jut out through the broken concrete."

Let us go in peace with God's grace and strength. Let us pray each day unceasingly for all our faithful departed ones, for all Firefighters, for all Emergency Responders, for all those serving in the military, and the family members at home waiting for their loved ones to return from their shift, their tour of duty.

God bless America and freedom. Amen.

(Singing of "The Lord's Prayer" by Firefighter Glenn Roemmich.)

(Singing of "You Raise Me Up" by Executive Committeeman Gerard Naylis.)

(CHAIRMAN LYNCH recites "The Firemen's Prayer.")

When I am called to duty, God
Wherever the flames may rage
Give me strength to save a life
Whatever be its age.

Let me embrace a little child
Before it is too late
Or save an older person from
The horror of that fate.

Enable me to be alert
And hear the weakest shout
And quickly and efficiently
To put the fire out.

I want to fill my calling
To give the best in me.
To guard my friend and neighbor
and protect their property.

And, if, according to Your will,
I have to lose my life,
Please bless with Your protecting hand,
My family.

("God Bless America" sung by Firefighter Harvey Bailey.)

CHAPLAIN DAN SCHAFFER: Shall we pray.

Almighty God, we are living in very troubled times, and standing before us this morning are warriors, soldiers, those who are willing to lay down their lives. We have no hope for the future without having those that protect us and take care of us.

Be with their family, be with their children, be with those on this Board of this Committee, because we are facing times where we will need Your divine wisdom and guidance in making decisions as to where we will be and where we will go.

Now, go with us, watch over us, protect us, keep us from harm, and give us Your divine strength, we pray in Your holy name. Amen.

PRESIDENT ORDWAY: While the scroll is still going, I'm going to ask the Wildwood Fire Department Honor Guard to retire the Colors.

(Wildwood Fire Department Honor Guard retires the Colors.)

(Exit of Bagpipers.)

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: You may be seated.

I would like to thank the Bergen County Firefighters' Pipe Band and the Wildwood Fire Department Honor Guard, our soloists, and the Memorial Committee for the Memorial Service.

I would also like to thank the families who lost their loved ones this past year, and please keep them in your prayers.

Reading of the call to Convention. Secretary Pelaia.

(SECRETARY THOMAS PELAIA reads as follows:)

CONVENTION
OF THE
NEW JERSEY STATE FIREMEN'S ASSOCIATION

Wall Township, New Jersey 07727
December 3, 2024

TO LOCAL FIREMEN'S RELIEF ASSOCIATION:

Secretary:

At the meeting of our Executive Committee held on November 23, 2024, the following recommendations were adopted:

WE RECOMMEND THAT THE INVITATION TO ELECT DELEGATES AND ALTERNATES BE EXTENDED TO ALL RELIEF ASSOCIATIONS WHO WERE IN ACCORD WITHIN THE STATE ASSOCIATION AS OF DECEMBER 31, 2024.

PLEASE KEEP IN MIND N.J.S.A. 43:17-42 WHEN ELECTING THE CHIEF DELEGATE, WE WILL NOT ACCEPT ANY OTHER NAME AS A DELEGATE FOR THE CHIEF EXCEPT THE NAME OF THE CHIEF THAT IS LISTED ON THE OFFICERS LISTING FORM THAT HAS BEEN SUBMITTED FROM EACH ASSOCIATION.

WE FURTHER RECOMMEND THAT THE CREDENTIALS OF DELEGATES AND ALTERNATES ELECTED BE FILED IN THIS STATE ASSOCIATION OFFICE NOT LATER THAN MAY 1, 2025, FOR CERTIFICATION OF DELEGATES AND ALTERNATES AS TO THEIR ELIGIBILITY TO SERVE.

COPY OF THE RECOMMENDATIONS TO BE MADE PART OF THE INVITATION AND RECORDED IN THE ABRIDGED REPORT OF THIS MEETING IN FULL.

ANY ASSOCIATION WHICH MAY FAIL IN FILING IT'S CREDENTIALS WILL NOT BE SEATED AT THE 2025 CONVENTION.

Therefore, we wish to announce that the ONE HUNDRED FORTY-EIGHTH ANNUAL CONVENTION OF THIS STATE ASSOCIATION will be held in CONVENTION HALL, located at Burk Avenue and the Boardwalk, Wildwood, New Jersey, on the 12th and 13th of September 2025.

THE BUSINESS SESSION OF THE CONVENTION will be FRIDAY, SEPTEMBER 12, 2025, and the VOTING SESSION will be SATURDAY SEPTEMBER 13, 2025.

THE INDIVIDUAL CREDENTIALS WILL BE FORWARDED TO ALL ASSOCIATIONS WHICH HAVE FILED THE NAMES OF THEIR DELEGATES ELECTED ON OR BEFORE MAY 1, 2025.

Faternally yours,

Thomas J. Pelaia

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Introduction of guest speakers. I apologize, I'm sorry to say the Governor had another function he had to attend to, so he will not be here this morning. He sends his regrets and hopes for a good Convention.

Wildwood Mayor, Ernie Troiano, Jr.

MAYOR TROIANO: Mr. President, State Elected Officials, Executive Committeemen, and Brothers and Sisters, fellow Firefighters. On behalf of the Wildwoods, we welcome you to your 148th Convention of which, ironically, the last 50 years has been here.

We're extremely grateful and honored to be able to have your Convention come here. You mean a lot.

We've made a lot of friends over the years, and it's hard to believe that I've been here since day one. Fifty years of doing this, met a lot of great people, and again, hopefully, we're here 50 years from now. But we'll see.

I want to thank you again for all you do for your communities. Today's world, you don't see much volunteering as it used to be. Our numbers are dwindling and, as you can see, the room is not as full as it used to be.

But we thank you for what you do. We thank you for your service to not only the state, but to your community. It's an honorable profession that you do.

Two quick housekeeping items. Number one, the parade will start at 2:00 o'clock tomorrow and it will be from Cresse Avenue to 22nd Street, and tomorrow evening at 8:00 o'clock will be the trophy presentation right here in this facility.

A wise man once told me, when you're giving a speech, remember the three Bs. Be on time, be on point, and be gone.

I want to thank each and every one of you for coming, and have a great Convention. God bless each and everyone. God bless America.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Next up is Wildwood Fire Chief, Ernie Troiano III.

CHIEF TROIANO: Good morning, everyone.

On behalf of the Wildwood Fire Department, it truly is an honor to welcome everyone back for the 50th year. We are very privileged to be the host Department. We look forward to this every year, catching up with old friends that have been made over the years, as my father said.

I will also keep this very brief. I just want to let everyone know that it will be beautiful out this weekend. If you do go to the beach, the beaches are not guarded, so I highly encourage everyone to stay out of the water. Don't go above your knees. The rip currents have been bad.

And the last thing I'll leave you with is this: Yesterday we recognized and honored the 24th anniversary of arguably the darkest day in our history. Today is the 24th anniversary of possibly the brightest day in our history, when we all came together as one. Your color didn't matter, your political party didn't matter, your religion didn't matter. We came together as Americans and we stood tall, like Americans do, and we looked out for one another.

I just encourage everyone to live every day as if it was September 12th, 2001.

God bless you all. Have a great Convention. God bless America.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Chief, I'd like to present the trophy from the New Jersey State Firemen's Association for the best appearing overall Department in the parade tomorrow. Thank you, sir.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Wildwood Convention Center Executive Director, Louis Belasco.

MR. BELASCO: Good morning, everybody. Thank you. I drew the short draw of going after the Troiano's, so just bear with me a little bit.

Thank you, President Ordway, for allowing me the privilege to welcome the annual gathering of New Jersey's bravest men and women back to the Wildwoods.

It is an honor to stand here and welcome you all on behalf of the New Jersey Sports and Exposition Authority and the Wildwoods Convention Center.

Thank you for allowing us to continue to host this gathering of dedicated and selfless Heroes who serve our communities around the clock and all throughout the calendar.

We are excited to highlight our hospitality and the warmth of the Wildwoods throughout your stay.

Since I last stood before you last year, I had the privilege of attending the Cape May County Fire School graduation in June.

As we celebrated the accomplishments of the 12 young men graduating that day, I reflected on what they represent. That's a continuation of the generations of people willing to answer the call at their neighbor's greatest moment of need.

They signed up, just like everybody in this room today, to leave their own at a moment's notice and place themselves in harm's way.

And they don't do so for the pay, but out of a desire to protect their communities, a desire to join something greater than themselves. That same commitment is reflected in all of you gathered here today.

You are a part of a proud tradition of service, courage, and Brotherhood that defines New Jersey's Fire Service.

This Convention is more than meetings and exhibits. It's a time to reconnect with friends, share knowledge, strengthen skills, and renew the sense of mission that unites you.

On behalf of the Wildwoods, we are grateful to host this Convention for the 50th year.

We hope you enjoy everything our community has to offer, our beaches, boardwalks, restaurants, and the camaraderie that fills this hall.

Thank you for your dedication, your sacrifice, and your unwavering service to the people of New Jersey.

May this year's Convention be safe, productive, and inspiring.

Welcome back to the Wildwoods, and thank you for all that you do.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: New Jersey Director of Fire Safety, Richard Mitkutsky.

MR. MITKUTSKY: Good morning. It is an honor to be here with so many of New Jersey's First Responders, Firefighters, and Heroes. I urge you while you're here over these next couple of days, and you just heard it from the speaker before me, share your experience, share your knowledge, reconnect with those that you only see probably once a year, because what we do, those connections help us each and every day in what we do.

You know, it was just mentioned, 24 years ago yesterday we suffered one of the darkest eras in our history.

Think about this. On September 10th, 2001, over 3,000 of our citizens, our heroes, our family members were getting ready for the next day. They went to bed thinking that the next day would be just another day for them. None of them, none of them lived past 10:00 a.m. the next morning.

Take the time, put away your differences, hug those that are close to you, reunite with old friends, because you never know when it's going to be your last day.

Enjoy the Convention, be safe, and the Division is here for whatever you need. Thank you.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: From the National Fallen Firefighters Foundation, Tom Richardson, former Chief of the F.D.N.Y.

MR. RICHARDSON: Good morning, everyone. My name is Tom Richardson, F.D.N.Y. liaison to the National Fallen Firefighters Foundation and retired F.D.N.Y. Chief of the Department. It's truly an honor to be with all of you here today.

I want to start by sharing a little bit about the National Fallen Firefighters Foundation. Our mission is very simple but powerful. We honor America's Fallen Fire Heroes, support their families, colleagues, and Departments, and work to prevent Firefighter deaths and injuries wherever we can.

Our National Fallen Firefighters Memorial Park is located on the campus of the National Fire Academy in Emmitsburg, Maryland, about 90 minutes from Washington. It's home to the National Fallen Firefighters Monument, the Walk of Honor, and the 9/11 Memorial to Lift the Nation.

Every year we add the names of Firefighters who died in the Line-of-Duty. This past May, 140 Firefighters were added, including three Fallen Heroes from right here in New Jersey.

But the Foundation does more than just honor those we've lost. We support their families with scholarships, grief counseling, and peer support programs.

Each year we run the Hal Bruno camps for children for Fallen Firefighters, where Fire Service volunteers serve as big buddies to campers.

We also host retreats for spouses, young adults, parents, and siblings. So, no one, no one in the family has to walk this journey alone.

We also support Departments when tragedy strikes. When a Line-of-Duty Death occurs, our Local Assistant State Teams, L.A.S.T., step in immediately to provide technical support and guidance.

To our Everyone Goes Home Program, we train Departments to reduce preventable deaths, lower community risk, and embrace behavioral health, all guided by the 16 Firefighter Life Safety Initiatives.

I want to take a moment to thank New Jersey in particular. The support we receive from the New Jersey Firemen's Association, the 5-mile Beach Volunteer Firemen's Association and the New Jersey State Fire Chiefs' Association is incredible, and it makes all of our work possible.

Speaking of support, the Foundation relies on donations, partnerships, and events like the Fire Hero Beach Bash happening tonight in conjunction with the Boots at the Beach Music Festival at the Seaport Pier, from 4 o'clock to 11 o'clock this evening.

It's going to be a great night of music, fellowship, and fantastic silent auctions.

We hope to see you all there.

For more information about our programs, Firefighter safety, and ways you can get involved, visit www.firehero.org.

Now, on a personal note, I'd be remiss if I didn't simply, as a former Chief of the F.D.N.Y., say "thank you," thank you to all of you. Twenty-four years ago as evil struck this nation at the World Trade Center, at the Pentagon, and in Shanksville, Pennsylvania, but First Responders, Firefighters, Police Officers, EMTs, paramedics stepped up to the plate. The love and support that we received in New York City, we will be eternally grateful. We will never forget how all of you reached out.

Now, I said "evil struck our nation." You all, the whole First Responder community, you represent what is good in humanity; Firefighters, Police Officers, nurses, doctors, EMTs, paramedics. You all represent what is good and great in this country.

I always try to remind people the gravity of 9/11; 2,977 souls passed on that day, yes, over 400 First Responders. But let's not forget most of the people that died in all three locations were civilians. These were ordinary people, just got up that morning, went to work to make ends meet for their families.

Let's never forget them.

And another group we should never forget is some of you may have served. Our United States Military took the fight to the enemy and over the course of 20 years, over 7,000 young men and women were killed in action, taking the fight to the enemy for us. So, let's not ever forget them.

Everybody here is familiar with the Tunnel to Towers Foundation as well. Their motto is, "Let us do good."

So, I would remind everybody here, continue to do good in your communities. I know you do.

Continue to teach your children and your grandchildren and all of your family members to do good.

So, thank you for the opportunity to speak to you again today. God bless the F.D.N.Y. and God bless the United States of America.

Thank you, very much.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Next, we have a very important person to the Police and Fire Service. A tragedy happened in Jersey City a number of years ago and the wife of Captain Buscio decided to do something about it, and here today to speak to you about it is Donna Buscio.

CONVENTION BODY: (Round of applause.)

MS. BUSCIO: I'd like to thank the Association, President Ordway, for inviting me here today. I appreciate your time.

I'm here to talk about "A Gift from Captain Buscio". We provide early screening which is proven to save lives. The screening finds silent problems early before they become a 911 call. The tests are noninvasive, other than blood work, including EKG, labs, stress tests, echocardiogram, pulmonary function tests, circulation tests, and ultrasounds, which checks the valves of your heart.

Heart attack is the leading cause of deaths for Firefighters, accounting for approximately 45 percent of fatalities.

Risk skyrockets with age. By the age of 45, a First Responder's sudden cardiac death risk is 18 times higher. Why? Intense physical exertion, emotional distress, exposure to environmental pollutants, disrupted sleep patterns.

The risks for cancer is two times higher for testicular, mesothelioma, myeloma, Hodgkin's disease, and prostate cancer for Firefighters.

911 First Responders, 2.19 higher risk for thyroid cancer. Forty-one percent higher for leukemia and a greater recurrence risk for nonmelanoma skin cancer. Twenty-five percent higher risk for prostate cancer.

What we found when we screened – we see thousands of first responders every year. Out of a population of 5,202, 1,488 had hidden heart disease; 554 had high-risk plaque greater than 100 tied to heart attack risk, silent ischemia, which is the stopping of blood flow to the heart; 779 had signs of asymptomatic heart disease; and 578 had serious structural heart problems.

Approximately 11 percent had thickened heart walls, faulty valves or bulging aneurysms.

What we found when we screened, more than 50 percent had abnormal lab results. Over 2500 of 5,000 First Responders had high cholesterol, diabetes, vitamin deficiency, thyroid function, low testosterone, anemia, kidney function, liver function, and prostate.

Others had damaged or abnormal lung tissue, 17 percent; 866 had signs of old scars, pleural thickening, healed granulomas, lung nodules, lung cancer, or COPD; 58 hidden cancers were discovered early, tiny tumors caught when highly treatable.

Hundreds of lives could be saved by catching these silent killers early. The next step is to book your screening. Bring a colleague.

From one Firefighter family to another, you are irreplaceable to us, so please take good care of you.

God bless. Thank you.

PRESIDENT ORDWAY: You're also allowed to bring your family so they can get checked.

There are five current locations around the state and there will be two more opening in the future. So, there will be seven locations for you to get the Captain Buscio checkup, complete physical, so forth.

Please, do it for yourself, do it for your family.

Next, from Deborah Hospital, Dr. Daniel Ice could not be here today. He sends his regrets and we remind you that his facility also offers screening for various issues.

Next, we have from the New Jersey Fire Museum and Fallen Firefighters Memorial, David Horsnall.

MR. HORSNALL: Good afternoon. I'm Dave Horsnall, New Jersey Fire Museum and Fallen Firefighters' Memorial.

President Ordway and Officers, thank you for the opportunity to speak to this incredible group of people today.

There's about three points I want to make very quickly.

One, is that there are, and I say this every year, there are museums and Fire Service organizations that offer programs all over this state nearly every weekend, even though they always all seem to fall in September.

But throughout the year, and if you want to learn the history of your community or learn the history of some of the Fire Service or teach it to your children and friends, I urge you to attend those first and find out what is going on in your local area and who they are and what's happening with them.

Of course, we always love you to come and visit the New Jersey Fire Museum just outside of Allentown, New Jersey, 7A on the Turnpike, just off of 195. But then again, all that information is available at newjerseyfiremuseum.org.

It's always a pleasure to meet everybody and see everyone that shows up.

The second comment I want to make is that we just signed the first contract for the Fallen Firefighters Memorial that will represent all of New Jersey. This has been a project that's been underway for almost, with a lot of thought, for the last ten years, and vigorously over the last four or five.

Some resources have been made available for us to move the project along. We're anxious about it.

You can see renderings of what the design will be on the table out in the hallway, or back to that infamous nfiremuseum.org website, and you will get an idea of what it's going to look like.

And we're incredibly proud and anxious to keep it moving. If you were to ask me a completion date today and when the opening will be, I'd have to say soon.

It's not a dream anymore. The commitments have been made, the contracts have been signed, and I won't mislead you that it's going to be on such and such a date. But we're anxious and we're moving vigorously.

The last thought I want to present is that history is for everybody, and it is your history. It's the history of your fathers, mothers, brothers, sisters, those that we've honored today as part of our Memorial Service here and that we honor every year at the Museum's Fallen Firefighters Memorial Day, which always is in the first weekend of June.

You can follow that on nifiremuseum.org as well, and we invite you to participate.

But it is your membership that makes that possible, and I ask you to look at that membership list and that information that's available, and I'm not going to repeat it. I've given you the website address to go and look at that. And we're out front in an exhibit area and we'd be glad to talk about it with you.

It's very important that the history, your history, our history, our ancestors in this industry's history, the people we've talked about today, to participate in maintaining that to preserve the past, so we know what's going to happen in the future and how to deal with it.

And with that, I'll follow the lead of the Mayor who said, "be gone."

Thank you, gentlemen and ladies.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Representing the New Jersey State Fire Chiefs' Association, President Frank Walters.

PRESIDENT WALTERS: Good morning, everyone. Once again, we had our annual meeting yesterday, so I'm going to be brief.

Thank you.

What I'm looking for is for our female Firefighters out there. I know that many of you are Officers. I wish you to consider joining our Association.

Your ideas will be a great help to us. We're not trying to stay at the status quo, we're trying to move forward. That's Number 1.

Number 2 is, have a great Convention.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Our last guest speaker is from the New Jersey Firemen's Home, Chairman Tim Apgar.

CHAIRMAN APGAR: It's official, it's noontime. Good afternoon, Chiefs, Delegates, Alternates, Life Members, and distinguished guests.

The Board of Managers have reported at the respective County Caucuses on behalf of the Home bullet points. The Home can accommodate both men and women, female Firefighters.

As of September 9th, there are 72 Guests residing at the Home. Sixteen applicants are in the preadmission stage, currently on the wait list.

We encourage you to utilize the State Association Healthcare Program, if you cannot wait for a room.

Since establishing the waitlist post pandemic, 18 applicants have passed away while waiting for an available bed.

During the past 12 months, we've had 17 Guests answer their final alarm. They are honored at our Memorial Service held on July 12th.

The monthly fee was reinstated on July 1st. It remains at \$850 a month. This was reinstated due to the increasing costs.

If you have any questions or concerns about the fees of the Home, please reach out to your Manager or me to discuss.

On September 20th, '25 we will again be hosting the Antique Fire Association New Jersey Muster at the Home.

At this time, please join me in welcoming the Guests of the Home for 2025 to the Convention. Please direct your attention to the screens.

CONVENTION BODY: (Round of applause.)

CHAIRMAN APGAR: Those men right there, those are the men the Board of Managers are here to support and provide for.

Tomorrow, Resolution Number 4 is, as written, asking you to limit the services we provide to them. I encourage you to vote "no" so, we can continue to support them as the opportunity arises.

We'd like to take a moment and thank the following agencies that have held picnics at the Home this year. Sussex Pig Roast, Essex County Chiefs, Bergen County, Morris County Fire Chiefs' Association, River Edge, B.C., Bergen County for a second time. Somerville Fire Department.

Scheduled yet this year, New Brunswick, Camden County, Freehold, Monmouth County.

On behalf of all the Managers of the Home, I'd like to sincerely thank everyone who has graciously and generously donated their time, money, and gifts for the pleasure and happiness of the Guests at the Home; Firefighters, Companies, Relief Association, the State Association, Auxiliary, and many others. We couldn't do it without each of you.

As always, you are welcome to visit the Home, the Museum, and most of all, the Guests.

Have a successful Convention. As Ed, our retired Dispatcher from the Home, Dispatcher 52, would say, "Stay safe out there, kids."

God bless America and God bless our troops.

CONVENTION BODY: (Round of applause.)

Board of Managers
New Jersey Firemen's Home
565 Lathrop Avenue
Boonton, NJ 07005

Opinion

We have audited the accompanying financial statements of New Jersey Firemen's Home which comprise the statement of assets, liabilities, and fund balance—cash basis as of June 30, 2025 and 2024, and the related statements of support revenue and expenses and changes in fund balance—cash basis for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and fund balance of New Jersey Firemen's Home as of June 30, 2025 and 2024, and its support revenue and expenses and changes in fund balance for the years then ended, in accordance with the cash basis of accounting as described in Note 1.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of New Jersey Firemen's Home and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 1 and for determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

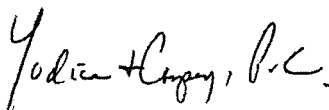

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of New Jersey Firemen's Home's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about New Jersey Firemen's Home's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**NEW JERSEY FIREMEN'S HOME
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 and 2024**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared utilizing the cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. The presented cash basis of accounting is the required method prescribed by the New Jersey Department of Human Services.

Nature of Business

The New Jersey Firemen's Home is located in Boonton, New Jersey. Nursing and residential care are provided to aged and indigent firemen who have served as a member of a New Jersey fire department for a minimum of one year.

Cash and Cash Equivalents

For the purpose of the statements of assets, liabilities and fund balance – cash basis, management has defined cash and cash equivalents to be highly liquid investments, which include cash, certificates of deposit, and money market funds.

Medical Fund

The medical fund has been established to collect and disburse funds on behalf of the guests. An individual medical account is maintained for each guest in the New Jersey Firemen's Home. The funds are not segregated, and interest earned on such funds is retained by the New Jersey Firemen's Home. The individual accounts are maintained to record the funds collected and disbursed on behalf of the guests.

The primary sources of funds collected on behalf of the guests include: Social Security benefits, pensions and personal remittances from guests or their families. The primary sources of funds disbursed on behalf of the guests include: room and board charges, medical expenses and various personal expenses. Statements are mailed to guests' families/responsible parties on a quarterly basis.

When a receivable has resulted, i.e. more funds disbursed than available, the families/responsible parties are requested to remit such.

Upon admission, guests are requested to grant the New Jersey Firemen's Home a limited power of attorney to execute the aforementioned transactions. Upon the expiration or discharge of a guest, any remaining balance is returned to the guest or the guest's estate after all anticipated expenses have been paid. Such release of funds is approved by the Board of Managers. Should a deceased guest have a balance in excess of \$500 upon death, a statement which lists the executor is required from the local county surrogate.

Fixed Assets

Fixed assets are maintained in the Property Fund. Asset acquisitions with a cost of \$1,000 or more have been capitalized. Depreciation is computed on a straight line basis over the useful lives of the assets generally as follows:

Buildings and Improvements	10-50 years
Furniture and Equipment	5-10 years
Vehicles	5 years

**NEW JERSEY FIREMEN'S HOME
NOTES TO FINANCIAL STATEMENTS (Continued)
JUNE 30, 2025 and 2024**

NOTE 1 (Continued)

Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for maintenance and repairs are charged to expense as paid.

Estimates

Management uses estimates and assumptions in preparing the financial statements. These estimates and assumptions affect the disclosures relating to the Pension Plan. Actual results could differ from those estimates.

Income Taxes

The New Jersey Firemen's Home is exempt from federal income taxes under section 501 of the Internal Revenue Code. It was incorporated as a non-profit organization under the laws of the State of New Jersey.

Subsequent Events

Subsequent events have been evaluated through September 26, 2025 and August 30, 2024, which are the dates the financial statements were issued.

NOTE 2: GUEST TRUST FUNDS RECEIVABLE

Consists of medical accounts of individual guests for which more funds have been disbursed than are available. Five guests had a combined balance of \$10,639 and \$8,795 at June 30, 2025 and 2024, which is greater than 41% and 33% of the totals.

NOTE 3: GUEST TRUST FUNDS PAYABLE

Consists of medical accounts of individual guests for which more funds have been collected than have been disbursed. Five guests had a combined balance of \$117,989 and \$115,387 at June 30, 2025 and 2024, which is greater than 81% and 87% of the totals.

NOTE 4: INDIGENT GUEST EXPENSES

Consists of medical accounts of former guests which had balances due to (from) the New Jersey Firemen's Home at the time of discharge/expiration. These accounts are deemed uncollectible by the Board of Managers.

NOTE 5: PENSION PLAN

The New Jersey Firemen's Home has a Pension Plan covering substantially all of its managers. The total Pension Plan expenses disbursed during the years ended June 30, 2025 and 2024 was \$0 and \$0. The organization makes annual contributions to the plan as determined by the organization's finance committee. Effective July 1, 2000 all staff employees are covered under the New Jersey Public Employees Retirement System and do not accrue any further benefits under this plan. Total employer contributions disbursed during the years ended June 30, 2025 and 2024 to the New Jersey Public Retirement System were \$952,204 and \$900,293. A comparison of accumulated plan benefits and plan net assets at the most recent valuation dates, July 1, 2025 and 2024 are presented below:

NOTE 6: RELATED PARTY TRANSACTIONS

The New Jersey Firemen's Home Medical Fund transferred a net (\$1,601) and \$26,532 to the Operating Fund in the years ended June 30, 2025 and 2024. Investment fees and bank charges were included in the net transfers. Net transfers to the New Jersey Firemen's Home Property Fund of \$504,539 and \$256,568 were made in the years ended June 30, 2025 and 2024. Expenditures for additions are made by the Operating Fund and recorded as interfund transfers. Administrative expenses (consisting primarily of accounting, auditing and actuarial services) of \$23,970 and \$19,623 were paid by the Operating Fund on behalf of the Pension Plan in the years ended June 30, 2025 and 2024.

NOTE 7: CONCENTRATION

The primary source of support is the Fire Insurance Tax Revenue (Title 54.18-8) of \$12,386,000 which is the budget request for the year ended June 30, 2026. This amount represents 95% of total support. The budget request for fiscal year ended June 30, 2025 was \$11,388,500, which was received in fiscal year ended June 30, 2024 and represented 95% of total support.

NOTE 8: COMMITMENTS

Effective August 15, 2005, the New Jersey Firemen's Home entered into a three year food services management agreement with Unidine Corporation, whereby Unidine Corporation will provide the food, preparation and service, including therapeutic diets for residents, staff, employees and authorized visitors. The initial term was for a three year period, and will renew for one year periods, unless terminated in writing. The cost is based on a daily rate (\$41.77 as of May 1, 2025, the most recent renewal date), and a minimum of 29,120 resident days. Total food service cost relative to this agreement was \$1,274,087 and \$1,190,571 for the years ended June 30, 2025 and 2024.

Effective October 17, 2006, the New Jersey Firemen's Home entered into an agreement with Healthcare Services Group Inc. (Healthcare) whereby Healthcare will provide all necessary management, supervision, labor and materials to perform housekeeping and laundry services on the premises of the New Jersey Firemen's Home. The New Jersey Firemen's Home will retain responsibility for definitive management of all Healthcare personnel performing under this agreement. All existing housekeeping equipment will be absorbed and utilized by Healthcare in performing its duties. Any repair of, replacement of, or addition to housekeeping equipment will be the responsibility of the New Jersey Firemen's Home. These services have since been cancelled.

Independent Auditor's Report

Board of Managers
New Jersey Firemen's Home
565 Lathrop Avenue
Boonton, NJ 07005

Opinion

We have audited the accompanying statements of cash receipts and disbursements of the New Jersey Firemen's Home – Operating Fund for the years ended June 30, 2025 and 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above presents fairly, in all material respects, the cash receipts and disbursements of New Jersey Firemen's Home – Operating Fund for the years ended June 30, 2025 and 2024, in accordance with the cash basis of accounting described in Note 1.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of New Jersey Firemen's Home and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. These financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 1, this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that is free from material misstatement, whether due to fraud or error.

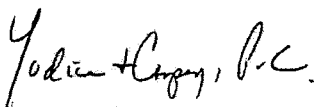

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of New Jersey Firemen's Home internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about New Jersey Firemen's Home ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 and 2024**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared utilizing the cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. The presented cash basis of accounting is the required method prescribed by the New Jersey Department of Human Services.

Nature of Business

The New Jersey Firemen's Home is located in Boonton, New Jersey. Nursing and residential care are provided to aged and indigent firemen who have served as a member of a New Jersey fire department for a minimum of one year.

Cash and Cash Equivalents

For the purpose of the statements of cash receipts and disbursements, management has defined cash and cash equivalents to be highly liquid investments, which include cash, certificates of deposit, and money market funds.

Estimates

Management uses estimates and assumptions in preparing the statement of cash receipts and disbursements. These estimates and assumptions affect the disclosures relating to the Pension Plan. Actual results could differ from those estimates.

Income Taxes

The New Jersey Firemen's Home is exempt from federal income taxes under section 501 of the Internal Revenue Code. It was incorporated as a non-profit organization under the laws of the State of New Jersey.

Subsequent Events

Subsequent events have been evaluated through September 26, 2025 and August 30, 2024, which are the dates the statements of cash receipts and disbursements were issued.

We have audited the statements of cash receipts and disbursements of the Operating Fund of the New Jersey Firemen's Home for the years ended June 30, 2025 and 2024, and our report thereon dated September 26, 2025, which expressed an unmodified opinion on those financial statements, appears on pages 1-2. Our audits were conducted for the purpose of forming an opinion on the statements of cash receipts and disbursements as a whole. The following supplementary information (Schedules 1-6, contained on pages 8-11) is presented for purposes of additional analysis and is not a required part of the statements of cash receipts and disbursements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the statements of cash receipts and disbursements. The information has been subjected to the auditing procedures applied in the audits of the statements of cash receipts and disbursements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the statements of cash receipts and disbursements or to the statements of cash receipts and disbursements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the statements of cash receipts and disbursements as a whole.

Opinion

We have audited the accompanying financial statements of the New Jersey Firemen's Home Employees' Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of accumulated plan benefits as of June 30, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended June 30, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and accumulated plan benefits of the New Jersey Firemen's Home Employees' Pension Plan as of June 30, 2025 and 2024, and the changes in its net assets available for benefits and changes in its accumulated plan benefits for the year ended June 30, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the New Jersey Firemen's Home Employees' Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the New Jersey Firemen's Home Employees' Pension Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the New Jersey Firemen's Home Employees' Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the New Jersey Firemen's Home Employees' Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at Year end) and (Acquired and Disposed of Within a Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 and 2024**

NOTE 1: Description of Plan

The following brief description of the New Jersey Firemen's Home Employees' Pension Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined benefit pension. All non-union employees entered the plan on the July 1st nearest later of the last day of their first year of service and age 21. Effective July 1, 1998, only those employees who completed at least 1,000 hours of service in a plan year accrued pension benefits. Effective July 1, 1999, members of the Board of Managers are credited with 83 1/3 hours for each month they serve on the Board. Effective July 1, 2000, all staff employees are covered under the New Jersey Public Employees Retirement System and will not accrue any further benefits under this Plan.

Pension Protection Act of 2006

The Pension Protection Act of 2006 (PPA) was signed into law on August 17, 2006 and is generally effective for Plan Years beginning after 2007. PPA amended the Employee Retirement Income Security Act of 1974 (ERISA) under which increased responsibility had been placed on the Plan's Enrolled Actuary and the selection of the actuarial assumptions. In an attempt to strengthen the financial stability of all defined benefit plans, PPA substantially changed the way funding requirements are determined. The Worker, Retiree and Employer Recovery Act of 2008, which was signed into law on December 23, 2008, included technical corrections to PPA. The Moving Ahead for Progress in the 21st Century Act (MAP-21) was signed into law on July 6, 2012. The Highway and Transportation Funding Act of 2014 (HATFA) was signed into law on August 8, 2014. MAP-21 and HATFA contained Pension Funding Relief provisions.

The actuarial cost method (funding method) to be used to determine the Minimum Required Contribution under PPA is an unprojected unit credit cost method.

PPA prescribes the use of segment interest rates for determining the present value of benefits. These segment rates are based on the corporate bond yield curve for certain investment grade bonds that mature at three different times (less than 5 years, between 5 and 20 years, and after 20 years). Alternatively, a full yield curve can be used, if elected. PPA added the calculation of an Effective Rate which is the equivalent single rate that will produce the same accrued liability (the Funding Target) as the segment rates used for funding. PPA further prescribes the use of specific mortality tables which will be published periodically by the Secretary of the Treasury.

MAP-21 changed the method of calculating the segment interest rates resulting in a reduction in Plan liabilities and minimum required contribution. Beginning with the 2008 actuarial valuation, the prescribed assumptions will be reflected, where applicable, and revised each year.

The balance of the actuarial assumptions will continue to reasonably reflect the Plan's experience. As part of the annual report to the Internal Revenue Service, the Plan's Enrolled Actuary must prepare an "actuarial statement" which includes an opinion that these nonprescribed actuarial assumptions reasonably reflect the Plan's experience and expectations and represent the "best estimate" of anticipated experience under the Plan. No changes, other than those prescribed by law, are required at this time.

**NEW JERSEY FIREMEN'S HOME
EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 and 2024**

NOTE 1 (Continued)

Pension Benefits

Participants with three or more years of participation were previously entitled to annual pension benefits beginning at normal retirement age (65) equal to \$16.67 multiplied by benefit years, not to exceed 30 benefit years, to a maximum of \$500 per month and a minimum of \$100 provided they had 10 or more benefit years. Effective July 1, 2002, a participant's normal pension benefit shall provide a monthly payment equal to \$83.33 multiplied by his benefit years up to, but not exceeding 10 benefit years, to a maximum of \$833.33. The Plan permits early retirement at age 55 with a minimum of 10 years of service. Participants may elect to receive their pension benefits in the form of a joint and survivor annuity. If participants terminate before rendering 5 years of service, they forfeit the right to receive the portion of their accumulated plan benefits. Effective July 1, 2005, normal retirement date was amended to be the first of the month after the age 62 (from 65) and the later completion of three years of plan participation.

Death Benefits

If a participant dies before benefits commence, but after the interest in the Accrued Benefit has become vested to some extent, his/her Spouse shall receive the survivor annuity benefit which would have been payable if the participant had elected to receive the Standard Annuity commencing the day before death, or, if the participant had not yet reached the earliest retirement age under the Plan, the benefit which would have been payable based on the actual Accrued Benefit but assuming that the participant had survived to the earliest retirement age under the Plan, had elected to receive the Standard Annuity, and had died on the following day, subject to the same actuarial reduction normally applicable on account of the commencement of benefits before the Normal Retirement Date. The Administrator may pay the Spouse, in lieu of monthly payments, a lump sum which is the Actuarial Equivalent of the survivor annuity, provided the lump sum is less than \$7,000.

If the participant dies before benefits commence while in active service, but after Normal Retirement Date, the Spouse, if any, shall receive the survivor annuity benefit which would have been payable assuming that the participant had elected to receive the Standard Annuity, and had died on the following day.

If the participant dies after benefits commence, any remaining benefits under the Standard Annuity or the alternative benefit form, if any, that was elected shall be paid to the Spouse or other Beneficiary, as the case may be.

Disability Benefits

If Service is terminated by Disability, the participant shall be eligible to receive a Disability Pension Benefit. The Disability Pension Benefit shall provide monthly payments of an amount such that the benefit is the Actuarial Equivalent of the Accrued Benefit at termination. If the participant is disabled, he/she may not elect to receive an alternative form of benefit other than the Standard Annuity. Disability Pension Benefits shall begin on the first day of the month following the fifth full calendar month of Disability, and shall end only if Disability ends before the Normal Retirement date. A participant will not be considered disabled unless he/she qualifies for disability benefits under the Federal Social Security Act or Veterans Disability Act.

JUNE 30, 2025 and 2024**

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and custodian. See note 5 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. Effective July 1, 2002, benefits under the plan are based on participants' benefit years multiplied by \$83.33 per year not to exceed \$833.33 per month. The benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from BPAS Actuarial and Pension Services, LLC, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of July 1, 2025 and July 1, 2024 were life expectancy of participants. The base mortality tables for July 1, 2025 and July 1, 2024 are the sex distinct RP-2014 mortality tables for healthy annuitants adjusted backwards to 2006 with Scale MP-2014. The base mortality table is adjusted by projecting mortality improvements using Scale MP-2017 from the year 2006 through 2019 with an additional projection period of 8 years for males and 9 years for females. For ages below 80, the additional projection period is increased by one year for each year below 80; for ages above 80, the additional projection period is reduced (but not below zero) by one third year for each year above 80.

The interest rate used to discount the obligation for July 1, 2025 and July 1, 2024 was 7%, including a reduction of 0% to reflect anticipated administrative expenses associated with providing benefits.

**NEW JERSEY FIREMEN'S HOME
EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 and 2024**

NOTE 2 (Continued)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as July 1, 2025 and July 1, 2024. Had the valuations been performed as of June 30, there would be no material differences.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Subsequent events have been evaluated through September 26, 2025, which is the date the financial statements were issued.

NOTE 3: FUNDING POLICY

The New Jersey Firemen's Home's funding policy is to make annual contributions to the Plan in amounts that are usually within the minimum required contribution and maximum recommended contribution as computed by BPAS Actuarial and Pension Services, LLC (BPAS). The minimum required contributions were \$129,767 and \$112,132 for years beginning July 1, 2024 and 2023. The Finance Committee of the Plan sponsor elected to contribute \$0 and \$0 in plan years ended June 30, 2025 and 2024.

NOTE 4: PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Benefits former participants or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable or would have been payable under plan provisions in effect at any time during the five years preceding Plan termination.
- Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations (discussed below).
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.

**NEW JERSEY FIREMEN'S HOME
EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 and 2024**

NOTE 4 (Continued)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

NOTE 5: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit.

NOTE 5 (Continued)

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs other than quoted market prices included in Level 1 that are either directly or indirectly observable for the asset, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of certificates of deposit, mutual funds, money market funds, US Government Securities and preferred stocks is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair value of corporate bonds is based on quoted prices for similar assets in active markets.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 7: PLAN AMENDMENT

Effective July 1, 2024 the Plan was amended and restated to comply with changes in laws and regulations. An advisory letter dated February 28, 2023 relative to the restated plan was received by BPAS from the Internal Revenue Service which provided preapproval of the amended and restated Plan.

NOTE 8: TAX STATUS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: ADMINISTRATIVE EXPENSES/RELATED PARTY TRANSACTIONS

Certain administrative expenses of the Plan are paid by the Operating Fund of the New Jersey Firemen's Home. For plan years ended June 30, 2025 and 2024 those expenses, consisting primarily of fees paid to actuaries and auditors, were \$23,970 and \$19,623, respectively. Those expenses are excluded from these financial statements. Certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Delegates & Life Members,

My report, as approved by the Executive Committee, will be the Certified Public accountant's report issued by the firm of PKF O'Connor Davies. This report was issued to the Executive Board regarding our General Fund:

'We have audited the financial statements of the New Jersey State Firemen's Association, which comprise the statements of assets, liabilities, and net assets as of June 30th, 2024 and 2023, and the related statements of revenue, expenses, and change in net assets and functional expenses for the years then ended and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets of the Association as of June 30th, 2024 and 2023, and its revenues and expenses for the years then ended in accordance with a modified cash basis of accounting.'

As to our Pension Plan, this was addressed to the Board of Trustees of the Employees' Retirement Plan:

'We have audited the accompanying financial statements of the New Jersey State Firemen's Association Employees' Retirement Plan, which comprise the statements of net assets available for the benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for the benefits for the years then ended in accordance accounting principles generally accepted in the United States of America.'

Respectfully submitted,
Edward R. Mullen, Treasurer

Independent Auditors' Report

**Executive Board
New Jersey State Firemen's Association**

Opinion

We have audited the accompanying financial statements (modified cash basis) of the New Jersey State Firemen's Association (the "Association") which comprise the statements of assets, liabilities and net assets (modified cash basis) as of June 30, 2025 and 2024 and the related statements of revenue, expenses and change in net assets (modified cash basis) and functional expenses (modified cash basis) for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and net assets of the Association as of June 30, 2025 and 2024, and its revenues and expenses for the years then ended in accordance with the modified cash basis of accounting as described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Association and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

New Jersey State Firemen's Association

Notes to Financial Statements
(Modified Cash Basis)
June 30, 2025 and 2024

1. Organization and Tax Status

New Jersey State Firemen's Association (the "Association") is a not-for-profit corporation that was established through New Jersey State legislation. Its expressed purpose is to maintain a General Relief Fund that provides burial benefits to qualifying members. The Special Relief Fund was initiated to allow relief to be paid to those applicants of associations that cannot afford to satisfy the needs of an applicant when a major loss occurs due to illness or other incidents. The initial contribution of \$2,468,467 was made on May 15, 2003. Benefits were made available beginning January 1, 2004.

The Association is a not-for-profit organization that is exempt from income taxes under Section 501(c)(4) of the Internal Revenue Code (the "Code").

2. Summary of Significant Accounting Policies***Basis of Accounting and Use of Estimates***

The financial statements are prepared on the cash basis, modified for investments, which are stated at fair value, prepaid annual report fees, rent security, and certain assets and liabilities related to insurance claims. In addition, the Association is capitalizing all costs related to its new building and is subsequently depreciating these costs. Consequently, revenue is recognized when received rather than when earned and expenses are recognized when paid rather than when the obligations are incurred. Management has determined that the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("US GAAP"), as described above is an acceptable basis for the preparation of the financial statements in the circumstances.

Net Asset Presentation

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the Association's net assets are classified as with or without donor restrictions. At June 30, 2025 and 2024, all the Association's net assets are without donor restrictions.

Cash and Cash Equivalents

Cash and cash equivalents include cash held in banks and money market funds with maturities of three months or less at the time of purchase.

Cash Held for Affiliates

Cash held for affiliates represents amounts held by the Association in a custodial capacity for local associations and is offset by a corresponding liability. These amounts are not available for the Association's general expenditures.

New Jersey State Firemen's Association

Notes to Financial Statements
(Modified Cash Basis)
June 30, 2025 and 2024

2. Summary of Significant Accounting Policies (continued)***Fair Value Measurements***

The Association follows US GAAP guidance on fair value measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Pursuant to US GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Investments Valuation and Income Recognition

Investments are carried at fair value. The fair value of alternative investments has been estimated using NAV as reported by the management of the respective alternative investment fund. US GAAP guidance provides for the use of NAV as a "Practical Expedient" for estimating fair value of alternative investments. NAV reported by each alternative investment fund is used as a practical expedient to estimate the fair value of the Association's interest therein.

Purchases and sales of investments are recorded on a settlement date basis. Realized gains and losses on investments are calculated based on the average cost method for mutual funds and first-in, first-out method for all other securities, and are reflected in the statements of revenue, expenses and change in net assets. Unrealized gains and losses are included in the change in net assets. Dividend income and interest income are recorded when received.

Investment Risks and Uncertainties

Alternative investments consist of non-traditional, not readily marketable investments, some of which may be structured as offshore limited partnerships, venture capital funds, hedge funds, private equity funds and common trust funds. The underlying investments of such funds, whether invested in stock or other securities, are generally not currently traded in a public market and typically are subject to restrictions on resale. Values determined by investment managers and general partners of underlying securities that are thinly traded or not traded in an active market may be based on historical cost, appraisals, a review of the investees' financial results, financial condition and prospects, together with comparisons to similar companies for which quoted market prices are available or other estimates that require varying degrees of judgment.

Because of the inherent uncertainty of valuations, the estimated fair values may differ significantly from the values that would have been used had a ready market for such investments existed or had such investments been liquidated, and those differences could be material.

Notes to Financial Statements
(Modified Cash Basis)
June 30, 2025 and 2024

2. Summary of Significant Accounting Policies (continued)***Property and Equipment***

Property and equipment is carried at cost. Depreciation is computed using the straight-line method over the estimated useful life of the assets when placed into service. The Association uses a useful life of 39 years for the building, 7 years for furniture and 5 years for equipment.

Revenue Recognition***Insurance companies' tax***

The Association receives a 2% levy on all fire insurance premiums from various insurance companies not domiciled in New Jersey. In addition, the Association receives a 3% surplus line on a quarterly basis from the Producers and Agents, who are in charge of the insurance policies. These monies when received are distributed to New Jersey Boroughs/Townships that have local relief associations. The Association will then retain the remainder of the premium after disbursement is completed. These monies are recognized as revenue when received and are recorded as revenue without donor restrictions.

State of New Jersey (999 Account)

The Association will at times receive a 2% premium that cannot be directly correlated to a specific Borough or Township. This money is dedicated by the Association to the New Jersey Firemen's Home for their annual operating expenditures. Any remaining amount not required for the New Jersey Firemen's Home remains in the Association's general fund. These amounts are recognized as revenue when received and are recorded as revenue without donor restrictions.

Functional Allocation of Expenses

The cost of providing various programs and other activities has been summarized on a functional basis in the statements of revenue, expenses and change in net assets. All costs are direct expenses to each functional category. Program services consist of benefit payments. All other expenses are considered management and general and unallocated payments to affiliated organizations.

Concentration of Credit Risk

Financial instruments that potentially subject the Association to significant concentrations of credit risk consist principally of cash and cash equivalents, cash held for affiliates and investments. Deposits held at financial institutions insured by the Federal Deposit Insurance Corporation ("FDIC") are insured up to \$250,000. The Association is covered by the Government Unit Deposit Protection Act ("GUDPA") set forth by the New Jersey Legislature, which is a supplementary insurance program that covers the Association's deposits that exceed \$250,000, the federal insurance limit. The Association has not experienced any losses on its deposits.

2. **Summary of Significant Accounting Policies (continued)**

Concentration of Credit Risk (continued)

Investments are managed by a professional investment management firm and are monitored by the Executive Board and an investment advisor engaged by the Association.

Accounting for Uncertainty in Income Taxes

The Association recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Association had no uncertain tax positions that would require financial recognition or disclosure. The Association is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to fiscal 2023.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that financial statements were available to be issued, which date is April 23, 2026.

3. **Investments**

Investments of the Association consisted of the following at June 30:

	2025		2024	
	Cost	Fair Value	Cost	Fair Value
General Fund				
U.S. treasury securities - Level 1	\$ 14,240,957	\$14,250,784	\$ -	-
Mutual funds - Level 1	6,800,026	6,825,631	18,126,946	13,404,708

Special Relief Fund				
U.S. treasury securities - Level 1	\$ -	\$ -	\$ 849,150	\$ 846,524

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

Unit investment trusts are investments valued at NAV and primarily consist of government national mortgage association ("GNMA") mortgage-backed securities that are secured by the U.S. government. The trusts seek to provide monthly distributions of income. These investments are able to be redeemed daily without notice and do not have any unfunded commitments.

4. Liquidity and Availability of Financial Assets

The Association's financial assets and resources available to meet cash needs for general expenditures within one year of the date of the statements of assets, liabilities and net assets were as follows:

	2025	2024
Financial assets:		
Cash and cash equivalents	\$ 15,475,436	\$ 14,491,236
Escrow account receivable and other assets	11,246	2,655

Financial assets available to meet general expenditures over the next twelve months	<u>\$ 49,093,885</u>	<u>\$ 42,097,861</u>

As part of the Association's liquidity management strategy, the Association structures its financial assets to be available as its general expenditures come due. A majority of general expenditures over the next twelve months will be financed through cash and cash equivalents, investments, investment income and tax revenue.

5. Property and Equipment

Property and equipment consists of the following at June 30:

	2025	2024
Land	\$ 999,000	\$ 999,000
Building	5,815,541	5,815,541

Property and Equipment, net	<u>\$ 5,861,835</u>	<u>\$ 6,027,940</u>

6. Retirement Plan

The Association has a noncontributory defined benefit retirement plan which covers all eligible employees and executive committeemen. The Association's objective in funding the plan is to accumulate funds sufficient to provide for all promised benefits and to maintain a relatively stable contribution level. Selected data as of June 30 is as follows:

	2025	2024
Plan assets, at fair value	\$ 8,697,320	\$ 8,594,172
Projected benefit obligation	10,728,673	10,688,917

6. Retirement Plan (continued)

The fair value of the pension plan assets is disclosed in the table below based on fair values and "levels" at June 30, 2025 and 2024. The relevant levels are based on the methodology for determining fair value: Level 1 inputs: valuation based on active markets for identical assets; Level 2 inputs: valuation based on significant observable inputs; and Level 3 inputs: valuation based on nonobservable inputs. The pension plan invests in mutual funds to meet its investment objectives. The asset allocation is based on the underlying assets of the various funds. The leveling is based upon each fund as the unit of measure.

Mutual funds measured at fair value are valued using Level 1 inputs at June 30, 2025 and 2024 and are as follows:

	2025	2024
Mutual funds, at fair value	\$ 4,745,779	\$ 4,661,222
Cash, at cost	3,959,473	3,940,176
Other receivables, at cost	15,492	-
Less liabilities	<u>(23,424)</u>	<u>(7,226)</u>
Total Plan Assets	<u>\$ 8,697,320</u>	<u>\$ 8,594,172</u>

Expected annual benefit payments:

2026	\$ 780,210
2027	757,587
2028	789,755
2029	771,300
2030	752,478
2031-2035	3,528,383
Discount rate	3.00%
Expected return on plan assets	3.00%
Rate of compensation increase	2.00%

Contributions to the plan for the years ended June 30, 2025 and 2024 were \$500,000 and \$900,000.

Independent Auditors' Report

Board of Trustees New Jersey State Firemen's Association Employees' Retirement Plan

Opinion

We have audited the accompanying financial statements of New Jersey State Firemen's Association Employees' Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements
December 31, 2024 and 2023

1. Plan Description

The following brief description of the New Jersey State Firemen's Association Employees' Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is a defined benefit pension plan.

The Plan is administered by the New Jersey State Firemen's Association (the "Association"). The Custodian of the Plan is U.S. Bank Institutional Trust and Custody ("U.S. Bank"). The Association has appointed U.S. Bank to hold investment assets and perform most administrative duties.

Pension Benefits

Employees are eligible for participation in the Plan after attaining age 21 and completing one year of service. Participants become fully vested in the Plan after 5 years of service. However, 10 years of service is required for early retirement benefits.

Benefits for participants retiring upon reaching the normal retirement age of 65 are based on 65% of the average annual compensation reduced pro-rata for years less than 25, based on the previous 12 month period. The Plan also provides a cost of living adjustment.

An employee may elect early retirement after having reached age 55 and having completed 10 years of service. Benefits upon election of early retirement are reduced for each month by which the retirement date precedes age 65.

The normal form of benefit payment is a life annuity with 10 years certain for single employees and a joint and survivorship annuity basis for married employees. Several other options in the method of benefit payment are also available.

Participants who have attained the age of 70½ and are still working must commence collection of their pension benefits. In addition, participants will be able to accrue benefits for service beyond the age of 65.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The Plan is not required to make certain Department of Labor required disclosures as the number of eligible participants is less than 100.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Fair Value Measurements

The Plan follows US GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

Fair value of investments in shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade-date basis. Gains or losses on sales of investments are based on the average cost of investments. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well held during the year.

Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments that are attributable under the Plan's provisions for services rendered by the employees at the valuation date. Accumulated plan benefits include benefits expected to be paid to present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on Plan provisions at the time of retirement.

Administrative and Investment Expense

Administrative and investment expenses are paid by the Plan. Investment expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefit payments are recorded upon distribution.

Risks and Uncertainties

The assets of the Plan are primarily financial instruments which are monetary in nature. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonable to expect the changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts in the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties (continued)

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit and market risk consist principally of cash and cash equivalents including certificates of deposit, and investments held at financial institutions. Deposits held at financial institutions insured by the Federal Deposit Insurance Corporation ("FDIC") are insured up to \$250,000. Investment holdings at financial institutions insured by the Securities Investor Protection Corporation ("SIPC") are insured up to \$500,000 (\$250,000 for cash holdings). At times balances may exceed the FDIC and/or the SIPC limit.

At December 31, 2024 and 2023, one diversified fixed income mutual fund, affiliated with the Custodian, represented 100% of the Plan's investment portfolio.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is November 13, 2025.

3. Investments

As of and for the years ended December 31, 2024 and 2023 all of the Plan's investments, which consists of one diversified mutual fund, bought, sold and held was a Level 2 investment.

4. Actuarial Information

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions for the service employees have rendered. They include benefits expected to be paid for (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on 65% of the average annual compensation reduced pro-rata for years less than 25, based on the previous 12-month period. Benefits payable under all circumstances including retirement, death, disability, and termination of employment are included to the extent they are deemed attributable to employee services rendered to the valuation date.

Employees' Retirement Plan**

Notes to Financial Statements
December 31, 2024 and 2023

4. Actuarial Information (continued)

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2024 and 2023 were (a) life expectancy of participants (the mortality table RP2023 for 2024 and RP2022 for 2023), (b) an assumed retirement of the earlier of age 55 and 10 years of service or age 65 and five years of service and (c) an assumed average rate of return of 3.00% for 2024 and 2023.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The following data summarizes the actuarial present value of accumulated plan benefits as of December 31 valuation dates:

	2024	2023
VESTED BENEFITS		
Active vested participants	\$ 4,922,298	\$ 4,492,388
Retirees and beneficiaries currently receiving benefits	5,242,268	5,615,122
Participants entitled to deferred benefits	<u>128,403</u>	<u>123,596</u>

Total Actuarial Present Value of Accumulated Plan Benefits	<u>\$ 10,412,364</u>	<u>\$ 10,337,523</u>

The following data summarizes the changes in actuarial present value of accumulated plan benefits for the years ended December 31:

	2024	2023
Actuarial present value at the beginning of the year	\$ 10,337,523	\$ 10,101,617

Notes to Financial Statements
December 31, 2024 and 2023

5. Funding Policy

The Association's policy is to fund the Plan annually at the minimum level required under the Employee Retirement Income Security Act of 1974 ("ERISA") regulations as computed by an independent actuary.

6. Income Tax Status

The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 30, 2018, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter.

The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2021; however, there are currently no examinations for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Association has the right to terminate, discontinue making contributions to, amend or modify the Plan at any time, acting through written resolution of the controlling entity of the Plan. Upon termination of the Plan, participants will become fully vested in their benefits earned to date.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Field Examiner, Jennie Hollingsworth.

FIELD EXAMINER HOLLINGSWORTH: Chiefs, Delegates, Alternates, Life Members, and guests, my report will be included in the Red Book.

Just a few points. I thank everyone for your help with the field exams this year. They went through very well.

At this point, we are supporting 323 Members in our Healthcare Program. We've approved 91 special relief applications and 50 supplemental applications.

Thank you for all your support.

CONVENTION BODY: (Round of applause.)

148th New Jersey State Firemen's Association Convention

2025 Secretary's Report

First and foremost, I would like to thank the Officers, Office Staff and you, the members of this Great Association, for your help, assistance and encouragement in making this job easier and more efficient.

During the past year, the officers and staff worked diligently to streamline our Reports and to make things easier for the local associations. We continue to improve our website by digitizing and simplifying many of our forms.

I am happy to report that processed 958 applications for membership. We also had 270 members attain Life Member Status and 692 members received their Qualification last year.

In would like to remind everyone that our office stands ready to answer any questions that our members may have. Our office phone number and email addresses are located on our website www.njsfa.com.

In closing I would like to say that it has been a privilege to serve all our members. As many of you know, I will be retiring as the State Secretary following the Convention. I am fully grateful to have worked with our Officers, the Local Associations, The Executive Committee, and our hard-working Office Staff for the past 7 years. Finally, I would be remised if I didn't thank all the 51,826 Members for their cooperation.

Respectfully submitted,
Thomas J. Pelaia
Secretary

PRESIDENT ORDWAY: Okay. So, now I'll give my report, President's Report.

Chiefs, Delegates, Life Members, and guests, my report has been printed in the newspaper handout and was part of the packet of information that you received at your County Caucus. For that reason, I will just touch on a few items.

The State Office has no way of knowing whether or not your Association has a Member that might need to be enrolled in the Healthcare Program.

You need to reach out to both your current Members and past Members to see if they have a medical issue that they can use some help with and get them enrolled. Review your detailed Membership report and contact your people on it.

Once we have reviewed the attendance files and have made any necessary corrections, you will be able to print your attendance from the Caucus Convention tab.

There will be a delay until Wednesday or Thursday, but we will post on the Home page when they become available.

The State Office will be filing reincorporation papers for each Local Association over the next year.

Some financial institutions do not want to accept the 100- to 140-year-old incorporation papers, even though they never expire. So, we will take care of that.

State Office will also be filing the IRS 990 forms for all Local Associations next year.

Your Local Officers are still responsible for filing the 1099 forms as needed.

Members of the Executive Committee are requesting workshops in their various counties. When they are scheduled, we will get word to all Officers in those counties. Please attend if you are available.

Thanks to our First Assistant Secretary Brian Martone, the updated Secretary, Treasurer, and Trustee manuals are available on the Manuals' tab on the website.

We created a suggested registration time for each county for tomorrow's registration in voting. It is on the back of the program. The purpose is simply to spread out people arriving to vote so that we do not have long lines. It is only a suggestion, but it is for your benefit to try to stick to those spread-out times.

The National Fallen Firefighters, as they mentioned, is having a fundraiser at Seaport Pier in North Wildwood today from 4 to 11. Please try to support this organization.

The funds are used for the Annual National Memorial Service in Emmitsburg and for the families of the Fallen Firefighter Heroes.

I would like to thank our outstanding administrative staff, Beth, Brittany, Denise, and Jennifer. They are the best.

Thank you to the State Officers, the Executive Committee, and all the Local Relief Officers for their assistance, cooperation, and support this past year.

The Local Relief Officers deserve extra thanks for getting your reports in on time.

Please know that the State Office is required to submit reports to the Legislature, Governor's Office, Department of Banking and Insurance, and the Controller's Office. We have deadlines also, which is why we have to enforce deadlines to the field.

Please remember to keep in your prayers our sick and departed Brother and Sister Firefighters, their family members, and the members of our Armed Forces stationed around the world, our Police, Fire, and EMS First Responders, also.

Thank you, and God bless America.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Next item is candidates for office. That will be on the ballot tomorrow.

I'm on the ballot for President. I'm running unopposed. I just simply ask for your support.

Vice President Joe Hankins. Do you have anything to say?

Just please support him.

Treasurer, Ed Mullen.

Nothing to add.

Secretary, Brian E. Martone.

FIRST ASSISTANT SECRETARY MARTONE: Thank you for the support.

PRESIDENT ORDWAY: First Assistant Secretary Rich Dreby.

SECOND ASSISTANT SECRETARY DREBY: Thank you much.

PRESIDENT ORDWAY: And we have two candidates for Second Assistant Secretary. I'll ask both candidates to come up and speak and tell you their credentials.

First up is Brian J. Lynch.

MR. LYNCH: If you want a Firefighter in there, vote for Brian Lynch tomorrow. Good luck and have a great weekend.

PRESIDENT ORDWAY: The second, softer-speaking candidate, Stephen Fazekas.

MR. FAZEKAS: Good afternoon. I'm Stephen "Fuzzy" Fazekas. I'm running for Second Assistant Secretary.

Most of you already know me as Fuzzy, but I do have a real name so when you look on the ballot, look at the second position, look for Steve Fazekas.

It's been an honor and a privilege to serve as Burlington County Executive Committeeman since 2018. I am a Local Treasurer and I've worked with all of your Executive Committeemen and the Executive Board to keep progressing the Association forward.

We've done a lot over the past few years, increased the medical benefits where we've now paid out over \$55 million since its inception. We've increased the Burial Benefit.

I'm not afraid to make the tough decisions. In my professional careers, I've had to do that. But I will listen to you if you call me or if you email me, and I will get back to you in any decision I've made.

I ask for you to vote for me tomorrow for the Second Assistant Secretary and I'm going to leave you with one saying that I learned many, many years ago when I joined the Fire Company, "No person can give the community a richer gift than the generous portion of their precious lifetime." And that is what you do each and every day; you're giving up a generous portion of your life to serve your community.

And I just want to say thank you, very much. God bless you. Vote for me, and have a good Convention.

Thank you.

CONVENTION BODY: (Round of applause.)

To: Officers and Members
New Jersey State Firemen's Association

In the course of their duties during the past year, the Finance Committee of the Association has met four times at the Wall Township office and each time has conducted an in-depth review and audit of the Association's accounts. These meetings were held on November 4th, February 3rd, May 5th and August 4th. In the course of these audits, the Treasurer was available to provide explanatory assistance to the satisfaction of the Committee when and if needed.

The reviews covered the reconciliation of all checks, vouchers, ledger entries and bank statements for the General fund, Burial Fund, Pension, General Checking, Assessment and Special Relief accounts. The Association income documents, bank statements, and credit and debit documents were found to be accurate and in satisfactory condition.

No recommendations for changes were made at the conclusion of these audits and this report.

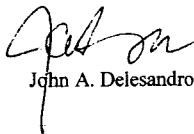

Very truly yours,

Robert C. Kepler, Jr., Chairman

Edward A. Pettit, Jr.

John A. Delesandro, III

CHAIRMAN KEPLER: Respectfully submitted.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Legislative Committee, First Assistant Secretary Brian Martone.

FIRST ASSISTANT SECRETARY MARTONE: The Legislative Committee report was submitted as read at every County Caucus meeting. I'm not going to read it. It will be submitted for the Red Book. It is available online, as well as the weekly Legislative reports are also available on our state website.

I want to thank each and every member of the Legislative Committee because the Committee wouldn't be where it is without them.

So again, I want to thank them. That's it.

CONVENTION BODY: (Round of applause.)

**Legislative Committee Annual Convention Report
September 12, 2025**

To All Chiefs, Delegates, Alternates, Life Members, and Guests.

This is the Annual Convention Report for the Legislative Committee. The committee meets once annually and communicates weekly.

We are in the second year of the 221st Legislative Session which ends on January 13, 2026. The total bills that were introduced as of today are 11,377. The Legislative Committee is currently tracking 335 bills separated into three categories, 198 from Fire & Emergency Services, 61 from Pensions, and 76 from Firemen's Home.

There have been 9 of our tracked bills signed into Law this Legislative Session (A-3939, A-4458, S-2435, S-684, A-3894, S-3735, A-4163, A-5381, & A-5792).

One of our tracked bills has passed in both the Assembly and Senate and are currently sitting on the Governor's Desk waiting to be signed (A-5049, which removes certain limitations on receipt of retirement or death benefits under PFRS under certain circumstances).

The Governor has signed 262 bills into law to date and currently has forty bills sitting on his desk waiting to be signed.

There are currently four Volunteer Cancer Screening bills, S-2037/A-373 & A-4649/S-3567, which mandate access to periodic cancer screening examinations for volunteer firefighters. They have all been introduced and referred to committees for a hearing.

Respectfully Submitted,

Brian E. Martone
Legislative Committee Chairman
First Assistant Secretary
New Jersey State Firemen's Association

PRESIDENT ORDWAY: I'm afraid I'm going to add to his report. There are currently four Volunteer cancer screening bills, S2037, with a companion number of A373, S3567 with a companion bill of A4649. Both of those are for Volunteer Firefighter cancer screening.

If you want to see Volunteer Firefighters get cancer screening, there are 21 districts in the State of New Jersey with 21 senators and 42 assembly people, two assembly people for each district.

Call them, write them, individually, not as a group. Beat them over the heads, slam them, do everything you've got to do and get the numbers in that you want these passed.

That is the only way Legislators listen. They look at their phone and they say, oh, we got two phone calls on this bill, but we've got a hundred phone calls on this bill; I guess I gotta pay attention to the hundred phone call bill and ignore the two one.

Please, please, go back to your towns, get everyone to write your Legislators for your district. It doesn't help for me to call someone down in the District 1 in South Jersey when I live in Bergen County. I'm not a voter there. They don't care about me. They care about the people in your district, in their district.

So, please, if you want the cancer screening to pass, please contact your Legislator.

The Legislative report is on our website on the Legislative tab with those four bill numbers. So, you can get them off our website.

Next up is the Resolution Committee, George Morris.

COUNSEL MORRIS: The Resolutions Committee met and evaluated the various resolutions submitted by the Local Relief Associations pursuant to the By-laws of the Association. Tomorrow's ballot will contain seven resolutions.

Resolution Number 1, approving the Red Book as printed and as it appears on the State Association website.

Resolution 2, affirming the 2025 County Caucus elections.

Resolution Number 3, approving that the 2030 Convention be held in Wildwood, New Jersey.

The Resolution Committee supports the adoption of Resolutions 1, 2, and 3.

There are also proposed resolutions. Resolution Number 4 opposing the expansion of the Firemen's Home. The State Association received the resolution from the Point Pleasant Borough Firemen's Relief Association opposing the expansion of the Firemen's Home.

The Resolution Committee evaluated this resolution and determined that it was valid and it should be placed on the ballot for vote at this Annual Convention.

The Committee further evaluated the merits of the resolution and determined to support the resolution.

If the resolution is adopted by the Convention, it calls upon the State Association to take a formal position to oppose the expansion of the Firemen's Home services, recognizing that this Association provides significant medical services, programs, and reimbursement to any qualified Firefighters, whether or not they live in the Home.

The Resolution Committee determined that support of this resolution has the practical and financial reality of uniquely assisting many more Firefighters than can be provided at the Home through direct and individualized service opportunities.

Resolutions 5, 6, and 7 on tomorrow's ballot were submitted by the Waldwick Firemen's Association.

Resolution 5 is the Arson Disqualification Resolution. If adopted by this Convention, individuals convicted of a crime of arson shall not be eligible for State or Local benefits. The Committee further agreed to support this resolution at our Convention.

Resolution 6 seeks nonbinding resolutions in future ballots. The Resolution Committee evaluated this resolution and determined that it was valid and should appear on tomorrow's ballot. The Resolution Committee recommends a "no" vote on the ballot question.

Opposition to this question on the ballot exists because of potential of both space limitations on the ballot as well as voter confusion, as to the weight of such actions.

The ballot used each September is limited to what we may be able to run through the voting machine and what wording may fit on the paper ballot. Space first must be allocated on the ballot for the electing of candidates and for binding questions.

As noted, the Resolution Committee opposes a resolution supporting nonbinding ballots.

Finally, Resolution Number 7. This Resolution would call for the Executive Committee and the State Officers to work in conjunction with the New Jersey Exempt Firemen's Association to propose an amendment to existing state statutes to restore jury duty exemption for all Exempt Firefighter certificate holders.

The Resolution Committee recommends a "yes" vote on this question.

In summary the Resolution Committee recommends a "yes" vote on questions 1, 2, 3, 4, 5, and 7, and a "no" vote on question 6.

Thank you.

Memorandum

Date: July 2, 2025
To: President Robert Ordway
From: Resolutions Committee
George M. Morris, Asst. Counsel
Subject: Review of Submitted Resolutions and Report on Findings by the Resolutions Committee

The Resolutions Committee met via zoom on June 9, 2025 to evaluate the various Resolutions submitted by the Local Relief Associations pursuant to the Bylaws of the Association. In total, the Resolutions Committee considered three standard Resolutions and five (5) submitted Resolutions. A 6th Resolution was submitted and withdrawn prior to review by the Committee.

Standards Resolutions – The Association will seek approval on the following three Resolutions:

1. Resolution 1 – Approving the Red Book as printed and as it appears on the State Association's website.
2. Resolution 2 – Affirming the 2025 County Caucus Elections.
3. Resolution 3 – Approval that the 2030 Convention Be Held in Wildwood, New Jersey.

The Resolutions Committee supports the adoption of Resolutions 1, 2 and 3.

Proposed Resolutions – The Resolutions Committee received five proposed resolutions.

4. Opposing Expansion of the Firemen's Home - The State Association received a Resolution from Point Pleasant Boro Firemen's Relief Association opposing the expansion of the Firemen's Home

Analysis – The Resolutions Committee evaluated the resolution and determined that it was a valid resolution which should be placed on the ballot for vote at the annual convention. The Committee further evaluated the merits of the Resolution and determined to support the resolution. If the Resolution is adopted by the Convention it calls upon the State Association to take a formal position to oppose expansion of the Firemen's Home services recognizing that the Association provides significant medical services, programs and reimbursement to qualified firefighters whether or not they live at the Home. The Resolutions Committee determined that support of the Resolution has the practical and financial reality of uniquely assisting many more firefighters than can be provided for at the Home through direct and individualized service opportunities. Wording for the ballot is located at the end of this report.

5. Arson Disqualification Resolution – The Resolution Committee evaluated a Resolution from the Waldwick Firemen's Relief Association and determined that it was valid and may appear on the ballot. The Resolution Committee further agreed to support the Resolution at the annual convention.

Analysis – If adopted at the Convention, individuals convicted of the crime of arson shall not be eligible for State or Local Association benefits. Wording for the ballot is located at the end of this report.

6. Video Recording of Meetings – The Resolution Committee determined that the Resolution submitted by the Waldwick Firemen's Relief Association seeking a question on recording of meetings must be rejected pursuant to law. The Resolution is not eligible for consideration at the convention as the power to expend funds is exclusive to the Executive Committee N.J.S.A. 43:17-35 & 45.

Analysis – This proposed Resolution is rejected as the power to expend funds is limited to the Executive Committee. This Resolution would call for the spending of funds to pay for new audio and video equipment, operators and storage of data pursuant to records retention guidelines.

7. Non-binding Resolutions – Waldwick Firemen's Relief Association submitted a Resolution seeking the opportunity to ask non-binding questions on the ballot.

Analysis – The Resolution Committee evaluated a Resolution from the Waldwick Firemen's Relief Association and determined that it was valid and may appear on the ballot. The Resolution Committee however recommend a NO vote on the ballot. Opposition to the question on the ballot exists because of the potential of both space limitation on the ballot as well as voter confusion as to the weight of such actions. The ballot used each September is limited to what may be run through the voting machine and what wording may fit on the paper ballot. Space must first be allocated on the ballot for electing candidates and binding questions. Questions would exist as to how further non-binding questions appear on the ballot given space considerations. As noted, the Resolutions Committee opposes a resolution supporting non-binding ballots. Wording for the ballot is located at the end of this report.

8. Jury Duty – The Resolution Committee evaluated a Resolution from the Waldwick Firemen's Relief Association and determined that it was valid and may appear on the ballot. The Resolution Committee further agreed to support the Resolution at the Annual Convention.

Analysis – This Resolution would call on the Executive Committee and State Officers work in conjunction with the New Jersey State Exempt Firemen's Association to propose an amendment to existing statutes to restore jury duty exemption for all holders of exempt firefighters certificates. Wording for the ballot is located at the end of this report.

RESOLUTION NO. 1**NEW JERSEY FIREMEN'S RELIEF ASSOCIATION**

Shall the 2024 Election Results, Reports and Documents distributed at the Caucus /Convention, as published in the Red Book and appears on our website be accepted and approved?

RESOLUTION NO. 2**NEW JERSEY FIREMEN'S RELIEF ASSOCIATION**

Shall the Secretary of the New Jersey State Firemen's Association cast a ballot affirming the results of the election of Executive Committee Members and Managers of the New Jersey Firemen's Home which occurred at their respective County Caucuses?

RESOLUTION NO. 3**NEW JERSEY FIREMEN'S RELIEF ASSOCIATION**

Should the 2030 NJSFA Annual Convention be held in the City of Wildwood, NJ?

RESOLUTION NO. 4**FIREMEN'S RELIEF ASSOCIATION
OF POINT PLEASANT BORO, OCEAN COUNTY**

Shall the Resolution of the Boro of Point Pleasant Firemen's Relief Association, Ocean County, proposing that the New Jersey State Firemen's Association oppose any attempt by the New Jersey State Firemen's Home to expand its services or mission or develop additional locations, be approved?

The Resolution specifically requests the New Jersey State Firemen's Association to oppose any expansion to the Firemen's Home in terms of services or mission or to develop additional sites recognizing that the New Jersey State Firemen's Association already provides health services and reimbursements to all qualified members.

RESOLUTION NO. 5**FIREMEN'S RELIEF ASSOCIATION
OF BORO OF WALDWICK, BERGEN COUNTY**

Shall the Resolution of the Waldwick Firemen's Relief Association, Bergen County, proposing that the New Jersey State Firemen's Association application for membership include a question regarding past arson convictions to disqualify potential members with prior arson convictions, be approved?

If adopted, the New Jersey State Firemen's Association application for membership would be amended to add an additional question regarding arson convictions and if a person had such convictions that person would be ineligible for membership in the Association.

RESOLUTION NO. 6**FIREMEN'S RELIEF ASSOCIATION
OF BORO OF WALDWICK, BERGEN COUNTY**

Shall the Resolution of the Waldwick Firemen's Relief Association, Bergen County, proposing that the New Jersey State Firemen's Association permit non-binding questions to appear on future convention ballots be approved?

Currently, the New Jersey State Firemen's Association only permits binding questions to appear on the ballot. This Resolution would allow Local Associations to propose non-binding resolutions on the ballot to ascertain the opinion of the membership.

RESOLUTION NO. 7**FIREMEN'S RELIEF ASSOCIATION
OF BORO OF WALDWICK, BERGEN COUNTY**

Shall the Resolution of the Waldwick Firemen's Relief Association, Bergen County, proposing that the New Jersey State Firemen's Association support efforts to amend New Jersey Law to restore the jury duty exemption for all holders of exempt firefighter certificates be approved?

If adopted, the New Jersey State Firemen's Association Executive Committee and State Officers would work in conjunction with the New Jersey State Exempt Firemen's Association to propose an amendment to existing statutes to restore the jury duty exemption for all holders of exempt firefighter certificates.

PRESIDENT ORDWAY: Next would be a report of the Certified Public Accountant, Mr. Mullen.

Nothing further on that. He gave it earlier.

PRESIDENT ORDWAY: Is there any unfinished business?

Any unfinished business?

Is there any new business? Turn on microphone Number 1. All right.

MR. CORBETT: All right. I'll keep it real brief. Glenn Corbett, Waldwick, Bergen County.

I ask you all to vote in favor of 5, 6, and 7. We already heard 5 is the question to be added to the application to this Association to reject any arsonists in our Membership. We don't want arsonists in our group here.

Number 7 is trying to restore for a lot of the older guys, like me, to restore our jury duty exemption for being an Exempt Fireman. That provision is older than this Association. It goes back to the early 1800s. We lost under Christie Whitman. We want to get it back, and we're asking the Association to work with the Exempt Association to do it.

The one resolution, Number 6, is one that the State Association is recommending a "no" vote on.

Let me tell you, I had another question for today asking specifically about recording the meetings in Wall Township, and I asked – the proposal said, why don't we record these things and make them available online so we can see the meetings of the State Association in Wall Township, and we were rejected because it cost money to record the meetings.

So, I'm calling on all of you to vote "yes" on 5, 6, and 7, but number 6 specifically, to allow any one of your Association to put a proposal together on any significant question confronting this Association.

Because the way it's treated right now, if there's any money tied to your request to put on the ballot, it's immediately rejected.

So, this ballot proposal will allow you, every Association here, to propose anything to be put before the entire Membership for a vote.

So, thank you for your time, folks. Firefighters.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Please turn on Microphone Number 2.

DANIEL SMITH, JR.: Brothers and Sisters, I have made several requests to the Executive Council meeting to have our Burial Fund increased by 3.5 percent annually. They raised it from 11,700 to the current payout of 12,400, payable upon receipt of services rendered.

This amount is not enough to cover our expenses of a final rest. I can tell you from personal experience, having lost two family members this year, both Firefighters, one in Mendham Borough and Millburn, that their funerals ran over \$20,000.

This would leave a shortfall of \$8,000 that your families would have to cover, each and every one of us.

So, I'm asking again to the Executive Committee, this time with my Brothers and Sisters across the state behind me, that the Burial Fund be raised 3.5 percent annually to match the pay raise that the Executive Committee voted themselves.

CONVENTION BODY: (Round of applause.)

DANIEL SMITH, JR.: Otherwise, we are going to have to continue to come back on this floor and request an increase every year.

So, coming to this Convention today, we all received a pamphlet with your County Executive's name, and you heard the President earlier, if you want something done, you gotta contact them.

So, I encourage each and every one of you in this room, to contact your Executive Members to raise our Burial Fund.

I encourage you, in solidarity, please, contact them and make this happen.

Thank you.

PRESIDENT ORDWAY: Thank you. Microphone Number 4.

MR. PFEIFFER: Chris Pfeiffer, Deptford Fire Department.

For the past two years, I came up here in support of the resolution to pass for siblings to be added. This was near and deep to my heart because this came about with my brother passing in March of '23.

So, now that it's passed, I'm so happy about it, but I need to thank some people.

First of all, right from my own Fire Department, Jim Reed. Jim Reed was the one that initiated all of this, and he pushed it to the end, and I can't thank him enough.

Our County Rep, Glenn Roemmich. I can't say enough about him. He made this part of his life. So, he pushed and pushed until it went through.

And most importantly, to the thousands and thousands that supported it both years. Thank you.

PRESIDENT ORDWAY: Thank you.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Microphone Number 3.

MR. NAYLIS: Thank you, Mr. President. The remarks I gave at my Caucus I also gave at the Executive Committee meeting last week.

This year, there are a total of seven resolutions on the Convention ballot. There are two specific resolutions that I respectfully disagree with the recommendation of the Resolution Committee.

There's a resolution from the Point Pleasant Borough Firemen's Relief Association that the N.J.S.F.A. oppose any attempt by the New Jersey Firemen's Home to expand its services or mission or to develop additional locations.

This resolution is very broad in scope and does not look to the future needs of the residents of the Home or the Firefighters of New Jersey.

No one can sit here today and tell us what types of services may be needed by Firefighters in the future.

Voting "yes" on this resolution would put the N.J.S.F.A. in a position of having to oppose a benefit that could be offered and provided to the Firefighters of New Jersey even though the service or benefit is in the best interests of our Brother and Sister Firefighters and makes total sense from a standpoint of being practical and economically justified.

Additionally, the operation of the New Jersey Firemen's Home is vested in the Board of Managers that are elected by the Delegates and Life Members of the State Association.

Prudent management would need to hold each Manager accountable by making them explain in detail actions being considered by the New Jersey Firemen's Home Board of Managers.

The N.J.S.F.A. Executive Committee and the New Jersey Firemen's Home Board of Managers should be working in concert for the good and benefit of all Firefighters while assuring that all actions that we take are done with fiscal prudence and responsibility.

And for these reasons, I urge you to vote "no" on Resolution Number 4 this year on the ballot.

There is also a resolution on the ballot to allow nonbinding resolutions that would essentially be a mechanism for Convention attendees to express their opinion regarding issues on future Convention ballots.

The Resolution Committee has made a recommendation for a “no” vote on this Resolution.

I do not concur with withholding a means for the Delegates and Life Members from expressing their opinions, even if this is done in a nonbinding way. As such, I plan on supporting this resolution and urge a “yes” vote on this particular resolution.

Finally, I want to encourage each and every Member not only attending this Convention, but go back to your Local Relief Associations and urge your Membership to support Volunteer Firefighter cancer screening.

Thank you, very much.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Microphone Number 2.

MR. CLEARY: Pat Cleary, Ex-Chief, Secretary, Riverdale Relief Association.

I understand where the Executive Committee is coming from about the Firemen's Home. You feel that the cost to put on an addition could be better used, given the money directly, but when this health care benefit first came up, I brought it up at the Morris County Caucus.

I mean, you call it health care benefit, I call it long-term care, and many insurance companies have gotten out of the business because it's just not cost effective.

And I asked if someone did an actuarial study, and they said “no.” And I don't believe there's been one done since.

You've already cut back on the benefits. You cut the spousal benefit, you cut the – I think it was assisted living, because you were spending so much money. It was in the Abridged report.

Has anybody done an actuarial study? And when is that benefit going to run out? Because all these guys here are probably saying, you know, at least I'm covered for \$6,000 a month.

But when is it going to be cut back to 4,000, and when is it going to be eliminated?

PRESIDENT ORDWAY: Thank you. Microphone Number 4.

MR. MERRIMAN: Jim Merriman, Spring Lake Heights Relief Association.

I stood up here last year and I asked if you would look into raising the Delegate and the Life Members' payout if a Life Member does the same job as the Delegate of going to the Caucus and the three – and the two Sessions.

And you told me last year you will look into it, and I looked at every minute on your website and it was never brought up.

Now, 4,000 Life Members are here today. If they decide that they do not want to come here because they're not being paid the same amount of money – that you got a 3.5 percent raise plus God knows what to be here, I think it's about time you do the right thing and raise it so if everyone does the same job, we get paid the same thing.

CONVENTION BODY: (Round of applause.)

MR. MERRIMAN: Now, Mr. Ordway, you have heard from this Association. I hope you do something about it.

On Number 2 on the ballot of Vote Number 4, do you realize when COVID struck, the Home lost probably 23 to 30 of our Brothers and Sisters. Why? Because the patient with COVID would go to the hospital, the hospital wouldn't know what to do and send them back to the Home. Two people in a room. Now you've got two people with COVID.

The hospital and health whatever who monitors the State Firemen's Home for the state said in their inquiries, the best way to do this is have one person in a room per Home.

Now, you had no problem throwing \$12 million, which is great, to help our Brothers and Sisters who stay home. I think it's time that you step up and work with the Firemen's Home, not against them.

Thank you.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Thank you. Microphone Number 6.

MR. BROWN: Don Brown, Life Member, Secretary, Washington Township, Gloucester County.

Before I go on with my comment, would you clarify the effect of resolutions that are on the ballot whether they are or are not binding or nonbinding?

ASSISTANT COUNSEL MORRIS: Every resolution tomorrow is a binding resolution.

MR. BROWN: Okay, thank you.

So, with regard to the resolution that is addressing adding wording to the Membership application, if we let an arsonist get into the Local Fire Department, then we are not doing our job.

Why are we adding a layer to the application that should have been answered when a Fire Department does its background?

And now wouldn't it be the Association's job to vet the application by going around to all the municipalities delaying the application process so that they could ascertain the criminal records? They shouldn't be getting into the Fire Department at all.

So, if they are getting into the Fire Department and submitting an application, then we're not doing our jobs. And that's common sense that we should be taking care of that at the beginning.

Finally, I'd like – I spoke at our two Caucuses last year and this year about the resolution process.

I know in Gloucester County I thank our Executive Committeeman, Mr. Roemmich, for making sure that we got the resolutions submitted to us prior to the Caucus.

But last year, we did not know about the resolutions until pretty much the night of the Caucus.

Years ago, we used to get it with the Secretary's packet. It is not fair, we have a July meeting, that we miss the opportunity to go over these resolutions with our Members.

So, I encourage the State to make sure now that the packets are being emailed, that we receive them with email packets that we get in June, so that we can discuss them properly and adequately with our Membership at our July meeting.

Thank you.

PRESIDENT ORDWAY: Thank you. Microphone Number 1.

MR. ALBERQUE: Good afternoon. My name is Michael Alberque. I am a Life Member of this Association, 40 years, next year, as Treasurer of my Ridgefield Park Relief Association.

The gentleman – not this past gentleman, the gentleman before, talked about increasing the benefit to come down here and to vote and participate in this Convention.

Does anybody know what the capacity of this facility is? Anybody? I understand it's around 7,000. According to the credentials we have 6,077 people that signed in and are here.

They're not here. So, let's give – and I'm being sarcastic here – so, let's give them some more money, so they come down here and they don't attend a two-hour meeting.

Bergen County gets a thousand dollars. Members of Bergen County get a little over a thousand dollars to come down here, and I understand that the price of rooms have gone up and the cost of gas and all that other crap.

But, why should we give more money to somebody to come down here, walk in the door, swipe their card and go out the side door and never see them again until tomorrow morning, and they'll do the same thing tomorrow morning?

We spend too much money on this Association – on this Convention to give more money out for people that do not attend the meeting.

Thank you.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: Thank you.

All comments have been recorded and will be reviewed.

Microphone Number 1 again.

MR. HOWARTH: David Howarth, President, North Brunswick Relief Association.

Three speakers ago spoke regarding the spousal benefit that was removed last year.

I had a conversation with you earlier this year regarding that. I believe it needs to be revisited.

I understand it is a great burden on this Association, but for a person in my position at 48 years old with a wife with dementia, needs assistance. There needs to be a sort of caveat for people that are under that retirement age that cannot qualify for Medicare, cannot qualify for Medicaid. I mean, she's on Medicare now, but it really needs to be revisited for people like myself that still are active, active in the Firehouse, active in the Fire Service. Where now, because I cannot access that resource, I can't help get my wife the care that she needs, so I can continue to contribute as effectively to my community.

So, I think it needs to be revisited for some sort of caveat for people that are under the qualification where they can't get Medicare or Medicaid and are not of retirement age. And that is it.

PRESIDENT ORDWAY: Thank you.

MR. HOWARTH: Thank you.

PRESIDENT ORDWAY: All comments have been recorded and we will begin reviewing them at the very next Executive Committee meeting. Thank you.

At this time, I would like to express my thanks to Secretary Thomas Pelaia. He has served this organization since 1992 as Legislative Committee Member, Executive Committee Member, Second Assistant Secretary, and finally, Secretary.

That is 33 years of service, not counting his time as Local Secretary.

Tom, thank you for your service.

CONVENTION BODY: (Round of applause.)

SECRETARY PELAIA: Thank you. Thank you, very much.

When I first came on the Fire Department as a Career man in Bloomfield, I was told by my Chief, make sure you get involved with the Relief Association, and that's what I did.

And I worked and I worked very hard just to make sure that people have been taken care of, and if they had a problem, we could help resolve it.

I've gotten a lot of – a lot of people come up to me, congratulations, enjoy your retirement, and I keep telling some of the people I've been dealing with for years that my door is always open to you.

If anyone needs any help, any assistance, I'm not going anywhere. I'm just not going to be working every day.

So, I thank everybody, especially all of those who attended the Caucuses and came personally to me, thanking me and whatever. I want to thank you for supporting me throughout these years.

Thank you, very much.

PRESIDENT ORDWAY: We'll now have the Benediction.

CHAPLAIN DAN SCHAFER: Everybody stand, please.

Almighty God, we thank You for this time together and we thank You for Your goodness and Your blessings upon us.

And now may everybody have a safe weekend and get home safe in Your holy name. Amen. God bless you.

CONVENTION BODY: (Round of applause.)

PRESIDENT ORDWAY: With no further business, I declare this Session closed and elections be held tomorrow morning, again, 7:00 to 11:00. Those people who are going to excess tonight, they still have to get up between 7:00 to 11:00 to get here.

Attendance is always less on Saturday, for some reason. Please be here 7:00 to 11:00 for voting.

Thank you.
