

Annual Financial Standing Report – Online Entry

Information/Data must be entered on the report on the NJSFA website. Handwritten reports will no longer be accepted. After entering the data and balancing, print out the report, get signatures and attach required support documents. The reports and all support documents are due in our office by February 20th.

There is a lot of information that you can enter before the year has ended. We suggest you get that out of the way in December and then all you will have to concentrate on is the final numbers. You can enter the **YEAR 2023** Representatives, Trustees, Bank Names, Bond names, Relief recipients, etc. and then after 1/1, enter the final numbers and information. As soon as you get the bank/bond information – CHECK IT FOR ACCURACY – DO NOT ASSUME THEY GAVE YOU ACCURATE YTD & Y/E INFORMATION.

The word **DRAFT** will appear on all printed copies until you balance and finalize the report. Then you will be able to print clean copies. **DO NOT MAIL IN COPIES WITH THE WORD DRAFT ON THEM.** Balance and finalize your report and then print out copies.

Your **Maximum Allowable Administrative Expense** amount for your Association is now printed on the Expense Recap page of the Report and is visible on the Expense Recap entry screen. Exceeding this amount will require the overage to be paid back (deposited) to your association.
