

RULES AND GUIDELINES GOVERNING HEALTH CARE ASSISTANCE FORM 114

Introduction

These guidelines are provided to assist you and the Local Association with the investigation and completion of the application for Health Care Relief Form # 114. It is a goal of The New Jersey State Firemen's Association to assist all of its members **who need at home care, or care in a nearby facility**, for as long as possible so they can be close to their family and brother and sister firefighters. Should the level of care be so great that at home care is not possible, assistance **will still be considered for care in long-term care facilities**. This is a reimbursement program. The member will be reimbursed for the medical care cost of the care provided up to the dollar amount set by the Executive Committee.

When to use this assistance form

The use of this form should be considered when any member of a Local Relief Association has information that another member in good standing of this Association:

Needs care beyond that which they can provide for themselves.

Needs care beyond that which a spouse, family member, or friend can or will provide.

Things to consider

The member needs help attending to their personal hygiene and care, changing bandages, or attending to other physical or medical needs for themselves. The spouse or other family member works or has obligations during the day and member cannot be left alone in residence. Does the member have any insurance that will cover any or all the cost for the necessary services? How many hours a day and or days of the week does the member need assistance?

The Health Care Assistance Reimbursement Program

The program is available to all active or qualified members of this Association regardless of what state they retire to or decide to live in within the continental United States.

To obtain an application for this program, contact the New Jersey State Firemen's Association directly or your Local Relief Association Officers. You may also download a copy from our website www.njsfa.com from the "Forms" tab. All first-time applications, on Form 114, are to be filled out completely and submitted to your Local Relief Association Secretary. There are no financial requirements associated with this program. Once the application is approved at the local level and the Local Association Officers sign the application, it is sent to the NJSFA State Office for final approval. Reimbursements will begin to the member once the NJSFA Advisory Committee has given final approval. **All required information and documentation must be submitted before approval will be considered**. Reimbursement begins with the month that the State Office approval is given and will be done after copies of the full calendar month's invoices and copies of proof of payment have been submitted to the NJSFA Field Examiner. Copies of invoices and copies of proof of payment can be mailed in, faxed in or emailed to HealthCare@njsfa.com. Facility and Care Company licensing will be confirmed by the NJSFA State office. Social Daycare programs will be approved on a case-by-case basis by the NJSFA Advisory Committee. The decision of the Advisory Committee is final.

All applications are valid for one year and each application will need to be resubmitted (renewed) annually from date of original approval, or if the reason for the original application changes. If the Local Association denies the applicant, please contact the State Office for the appeal process at (800) 852-0137. **All Renewals will be handled by the State Office**. These funds may not be used to offset any payment or costs for guests admitted to the New Jersey Firemen's Home but can be used while a member is awaiting admittance or on a waiting list. Once a member becomes eligible for Medicaid this benefit will cease.

This reimbursement program is not available to Firefighters that are admitted or residing in the New Jersey Firemen’s Home located in Boonton, NJ. The New Jersey Firemen’s home is fully funded from the same property insurance tax that funds the New Jersey Firemen’s Association and the Local Firemen’s Relief Associations.

Things to consider when assessing need for care:

- **The Member is having difficulty caring for themself.**
- **Personal hygiene needs are not being met.**
- **Member is not capable of taking medications as prescribed.**
- **Care by the spouse and family can no longer meet the needs of the member.**
- **Spouse or family need respite for their own personal obligations and applicant cannot be medically left alone.**
- **Member cannot be left alone while spouse or family members work or are away from the home.**

This program does not cover various types of services such as Assisted Living facilities or senior living type facilities, lawn care, property maintenance, maid service, meal preparation companies, or any similar types of service. It is for the direct medical care of the individual in need.

Should there still be additional financial need, Regular Relief can still be applied for even if the member is enrolled in this program. Need must still be demonstrated and fully documented for Relief to be awarded.

The program is designed to provide reimbursement to members of this Association for in home health care and nursing home levels of medical care that have not been covered by insurance or other existing medical reimbursement programs. It covers in-home care that is provided by certified employees working and billing through a licensed health care provider in the state where the care is being provided.

Nursing Homes, In Home Care, and Adult Medical Daycare Facilities are all types of care our members may need at some point when they are no longer able to care for themselves or their families need additional assistance to help with that care.

The Officers and Executive Committee Members of the New Jersey State Firemen’s Association recognize the need to aid those members of the Association who are no longer able to perform normal daily activities for themselves.

Keeping in mind that spouses, family members, neighbors, and brother and sister Firefighters wish to remain together during these times, we will all work together to make sure the best care is available to the Firefighters who took care of so many others during their time of service.

If you suspect abuse by any caregiver while receiving in home care or care in any nursing home facility, the New Jersey Division of Consumer Affairs can provide a hidden camera to help verify suspected abuse. The *Safe Care Cam Program* is available to any New Jersey Resident and additional information, or contact can be made by calling them directly at 973-504-6375 or visiting their website at www.njconsumeraffairs.gov .
